

## 7 Power and Voltage

## 8 Start Up

**IMPORTANT:** When the computer starts, the system automatically converts the file system on your hard drive. The conversion may take several minutes. **Do not stop the process.** When the conversion is completed the computer will restart.

When prompted, begin your product registration process. Online instructions will guide you through the registration and preinstalled software setup process. The setup time varies by computer configuration.

The rating label on the device shows which FCC class (A or B) the equipment falls into. Class B devices have an FCC logo or FCC ID on the label. Class A devices do not have an FCC ID or logo on the label. Once the class of the device is determined, refer to the corresponding statement. For complete details, read the *Safety and Regulatory Information* guide contained on the *Documentation Library* CD.

## Compaq features

- > **Accessories** - add performance and personalization to your new Presario computer with Compaq quality tested and certified options like printers, personal audio players, gaming products and more! Go to [compaq.com/athome/accessories](http://compaq.com/athome/accessories) (for US only).
